Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CAR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel, claims 13-24, 30-35, and 42-49.

Reasons for Allowance

Applicants' response to the last Office Action, filed December 17, 2004 has been entered and made of record.

Applicant's election with traverse of species I in paper No. 3 is acknowledged.. Accordingly, claims 1-12, 25-29, and 36-41 are now presented for prosecution. Claims 13-24, 30-35, and 42-49 are withdrawn.

The following is an examiner's statement of reasons for allowance:

Independent claims 1, 25 and 36 are allowable over the prior art of record. Claims 2-11 depend from claim 1, therefore, are allowed.

Independent claims 1 and 12 recite the limitations of : detecting an error while decoding a first location in the compressed data; accessing a reentry data set having a pointer to a second location in the compressed data following the first location and decoding information that enables decoding to start from the second location; and using the decoding information in the accessed reentry data set to continue decoding the compressed data from the second location. The combination of these features as cited in the claims in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

The closest reference of US 5717394 to Schwartz et al. discloses a decoding method of using pointer included in the bit stream to indicate the beginning of each compressed bit stream. However, he does not teach the limitations of cited above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
